Putting The Pieces Together

*Sitting on the steps
I watched you peel
white paint off the wall.
With every tender tug
fragments of your time
appeared
then vanished.
You did not stop
until the bricks
were bare.*

*That night
we stayed up late
discussing our images
discussing our fears
deciding we knew more
about Dante
than drinking.
We laughed at our changes.*

*When you fell asleep
in the middle of my sentence
I saw that familiar way
you sprawl in your chair
the way you pull your fingers
through your hair
and I was relieved.*

*Deep in the night
you leaped from your bed
to tell me your dream.*

*High above the sea
you had peeled grey paint
from the rotting boards
beneath your feet.
With every tearing tug
you had glanced down
between the cracks
to watch the fragments
fall into the sea
into the foaming mouth.*

*You cried into my arms
knowing our puzzle was done
wanting to tell me
who you had been
who you are now.*

*The morning we left
I found you staring
at the wall
unable to grasp the words
you had come to find.
I touched your shoulder
pulled you close to me
for you had been my poet
without ever writing a word.
Perhaps the best poets
do not write at all.*

Bottom Left: The bath tub race was one of the many activities included in 'Ganza 1985. Bottom Center: Joy Camp was one of several St. Andrews students who found time to model for "The In Place". Left: Rain and mud are familiar sights on the St. Andrews campus. Students learned quickly to dodge mud puddles. Below: The SAGA patio was an excellent place to take advantage of the sun while enjoying the company of good friends.

Top: Another day begins for these St. Andrews students with the familiar walk across the lake. Below Left: During a time-out, Coach Riley, gives the Knights a few pointers. Below Right: Moving day for freshman Paula Litton proves to be an experience in itself.

STUDENT LIFE

The Puzzle of Life: One Piece

Life on campus included a wide variety of activities for students to participate in. There were clubs and organizations set up to make a difference no only in the school but also in the world. These clubs attempted to raise student awareness of community, state, and world issues. Clubs were not the only activities to get involved in; there were also sports. This year St. Andrews' riding team emerged to join the other fine intercollegiate athletic teams already existing on campus.

This year dorm life was restricted as visitation hours were abbreviated and standard quiet hours imposed; however, Domino's still managed to find us even after 12 o'clock.

Many great parties were put on this year such as the Blue-/White Bash, Concord's Christmas Party, and 'Ganza. Generally great parties were held every weekend.

Classes were enriched this year by many new professors including an IBM executive, Jack Ferren, and many visiting speakers and performers. We all had classes, at least 12 credit hours worth. What else is there to say? The SAGA continues ... What is a food service, St. Andrews may never know ... However, this is a gripe known to all colleges.

Work Study was an integral part of many students lives. Students had to find time for yet one more thing in their already busy agendas. St. Andrews is well known for its financial aid program. The year was a good one for most of us. Friendships made will remain as we all look forward to either returning in the fall or planning future careers. Life goes on as yet another piece of our puzzle fits with the rest.

Bottom Left: Striving for the best is what St. Andrews is all about as demonstrated by Angelita Colon-Francia. Left: Suite-mates Tracy Schaefer, Kathy Middeswarth, Joy Camp, and Michelle Venable are ready for Albermarle's Luau. Below: The soccer team was victorious in enthusiasm. Bottom right: 'Ganza — a time for putting the books aside and relaxing.

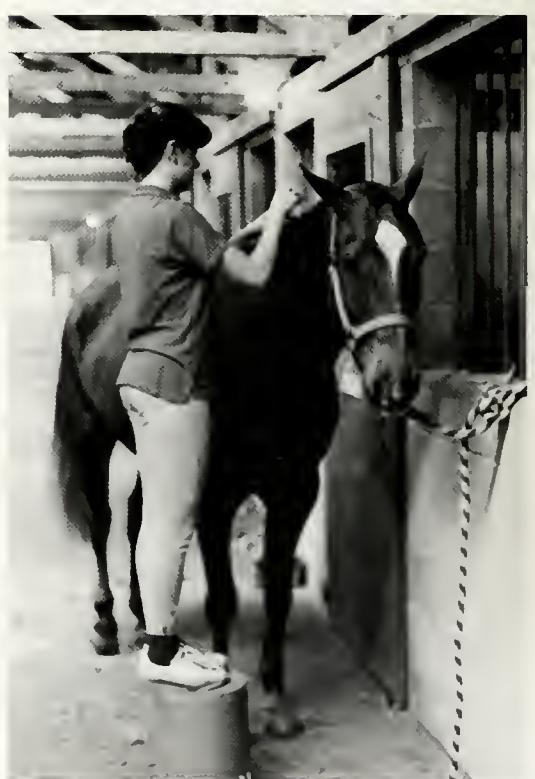

Far Left Top: St. Andrews a community within a community. Center Top: V'Anne Hazard enjoys a quiet moment during the game. Above: Chris Devos has a look of determination during the DIAC Championship game held here at St. Andrews. Far Right Bottom: The beach is brought to St. Andrews during 'Ganza 1985. Center Bottom: Lindley Parker seems to have her own form of release for the pressures of class. Left: Neal Bushoven takes a break from the classroom atmosphere to enjoy a warm spring day.

Top Right: Linda Biggs finds chorale a good way to relax. Top Center: Bill Caudill shows the true heritage of St. Andrews. Top Left: Diane Bangley has put forth her all for the cross country team. Above: SAGE classes can often be found enjoying the outdoors. Bottom Left: The Knight Volleyball team defeats yet another challenger on their way to the DIAC championship game. Bottom Right: 'Ganza 1985 was enjoyed by all, even freshman to be Margaret Johnson.

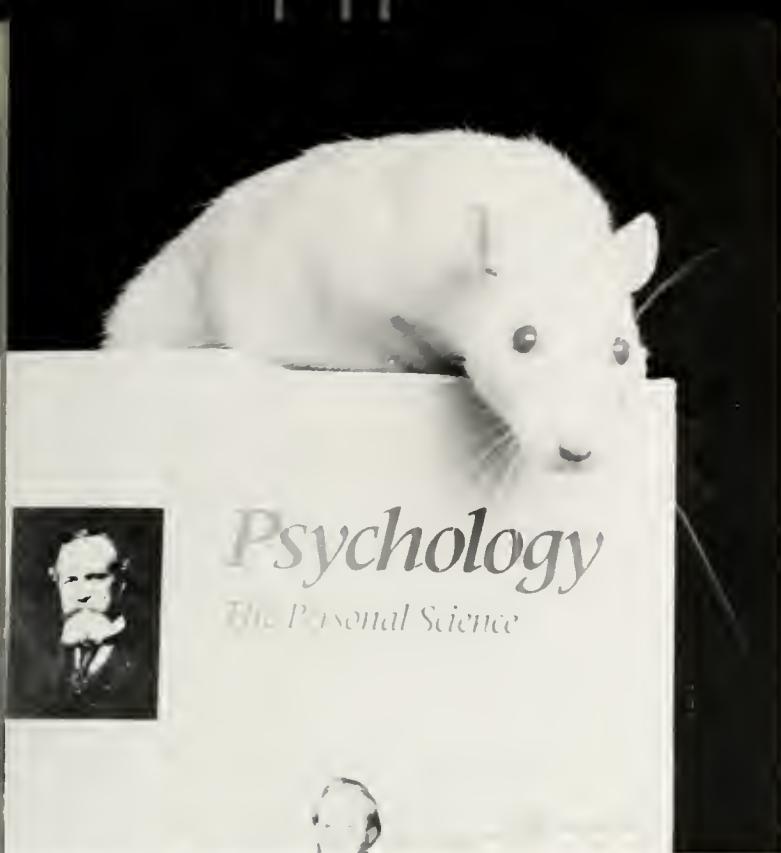

Left Top: Graduate Jon Moritz looks forward into the past. Center Top: Del Sprill entertains friends on the steps of Belk. Far Left Top: Professors at St. Andrews are always eager to lend a helping hand. Above: Michelle Venable takes a "timeout" to talk with Ken McCombs. Center Bottom: Manda Strawderman prepares her horse for an intercollegic show. Far Bottom: A St. Andrews student finds the lake a quiet and enjoyable place to study.

Above: Teammates bid farewell as the season comes to a victorious end. Above Right: No pain, no gain is what John Stone has learned to be part of the college experience. Bottom: Dan Wetmore ponders the exact spelling of ubiquitous.

Weebles wobble, but they don't fall down.

Love Theme From St. Elmo's Fire

For Just A Moment

Words and Music By David Foster

We laughed until we had to cry
And we loved right down to our last
goodbye.
We were the best, think we'll ever be
Just you and me,
For just a moment

We chased that dream we never found
And sometimes ...
We let one another down
But the love we made,
Made everything alright
We shone so bright,
For just a moment

Time goes on
People touch and they're gone
And you and I will never love again ...
Like we did then

Someday when we both reminisce
we'll both say "there wasn't too much we missed."
And through the tears we'll smile when we recall
we had it all,
for just one moment ...

Time goes on ...
People touch, and then they're gone
but you and I we'll never really end
we'll never love again
like we did then ...

We laughed until we had to cry
and we loved right down to our last
Goodbye ...

Dedicated to the graduating class of 1986.

We will never end.

Reflecting Upon Yesterday

By Dana Rhodes

Reflecting upon yesterday
We remember dreams we had for today,
To live, love and laugh.
We didn't know how we would make them,
We only knew we would.

Reflecting upon yesterday
We remember faith we had in each other,
Faith we had in ourselves,
And the faith we had to make this world a better place to live.
We didn't know how,
We only knew we would.

Reflecting upon yesterday
We see our innocence
We've lived, loved and cried
And today we still wonder how to make our dreams come true,
But now we are one step closer to the dream.

In Good Time

Words And Music By Jeff Dixon
In Fond Memory of Paul Verpillo

In good time
The snow will melt before your eyes.
In good time
The sun will rise up in the skies.
And all the people everywhere
Will be freed from their despair.

One fine day
Wheels will never take the place of legs.
One fine day
Out of hunger they won't beg.
From the shadows they'll be free
And they'll chase the wolves back across the mountains, valleys,
plains into the sea.

The Dance Of The College Professor

By Eric English
Dedicated To Dick Prust

A seasonal ritual fore and aft of the dry moons
the initiator of adolescent waltz;
The grand choreographer demonstrates
"Follow my lead, baby," in baritone
into the grand ballroom of thought,
the mental gymnasium, the annex of anxiety

the flutter-like steps of Wordsworth
and slashing dervish of Islam
'Lucy' Zootsuit's chewing jaw and rhythm
natural pump as Freudian arms pulsate to Friday's Victory
over repression, happy hour!
Bourgeoisie muffle and Proletariat shuffle
(conspirital grin and snort)
Devil's dance: the Carnegie advocate
"And listen,"

Tap dance on the slate floor
and soft shoe eraser.
The big brass band blows till ten till-the-hour.

No one else do a wilder dance,
or pound such classic beat
that even when the halls are empty
he pounds them with bare feet.

Dear Alumnus of the Class of 1962

I am touched that you would like to write a letter that will be placed in the St. Joe Yearbook. Though it is not a simple task, I am sure the best response is to just do it.

The last and most important and Andrew and the others, does not bring me back to St. Joe, and I am sure just as much, it is not possible to be here. It is the years that you have had that have given you so much, and this is the reason that I am here. The members of the St. Joe family, however, are the people to see. They tell me nothing like this is what it is all about. You are a class of 1962, you will have no living classmate, and I am not being.

I am living in a college not far from my alma mater that has opened this morning in 1982. Walking along the streets, I am reminded. We were taught that you were not to be afraid of anything. I was very nervous, and very excited, and I was nearly 19 years old to be about in a year's time. Many of us were very quick to help me then, my very best of all that I could say, be grateful for that compassion. I do not know if you had time even to notice to return that favor.

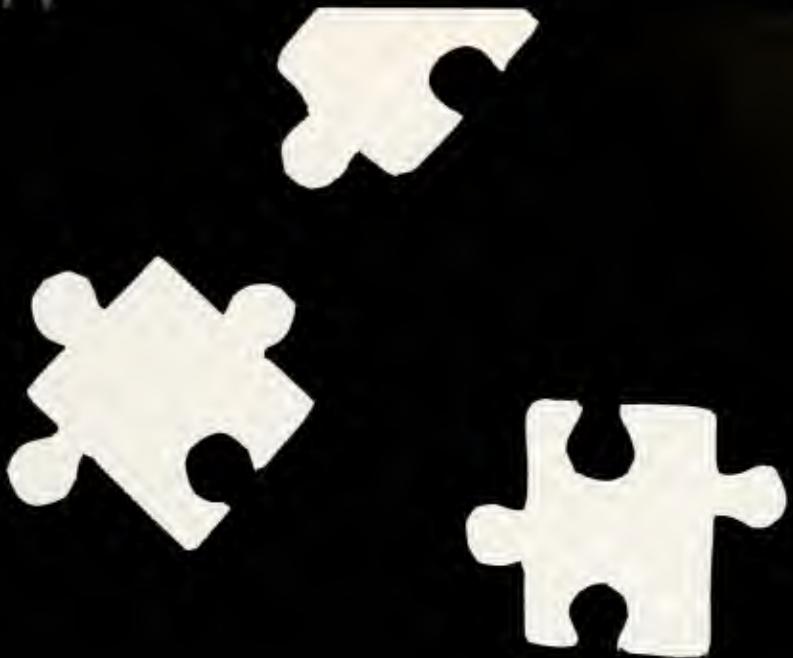

It is somewhat to notice as you leave the living room, that you will have spent half a century in the room, with twenty years of all the years of my life, far, far, far from my mind and the events that we have shared, we are still, and we may always be, far from mind. The compass of my life has not moved much.

Alfonso, Daniel, Antonio, South Africa, Germany, Australia, a month or two. We have the same people, and half of us are still here and here. We left in 1962, and we had another day in the afternoon of the day we left, to return to the dormitory. We have recently held for Greta, as I watched the lights come on at the City, as you are watching. We have mourned the passing of the likes of Gordon, Dorothy, family members. We have shared sadness at the loss of Pauline, the death of members of families throughout the community. We have talked about what to purchase holds, the old man, our old field for individual trees, and the great community. We have been the and for the Frans and Woodrow Wilson fellow who have been coming to their annual golfing outings, or you, or together, I had a former classmate who many of us have shared at Vespers, heard us going to our capitol to pray for each other, and share the sorrows and the joys that come to any community that is made from families. Now we are together again, as we will be for special occasions, as we have for our semi-annual College Picnic, for the last 20 years, or until, if I see you in company with others, we have. You have often told us we had better not leave, as we would leave people as visitors and tourists, and we would leave a hub of the town that remains, and does not leave, as there's real knowledge, of all the time. I am not sure what to do with you and the many, many of us. I have been since coming here, none I could make my friend or more than to have been College Paster during your years in that room, in the life.

It will be time for you to be looking your class of St. Joe. Many of you will be in the room, and beyond your own imagining. Others of you will be with a long list of 'if onlys'. Such is the mosaic of life, and the marks of any graduation class. As you have seen, there are men and men who strive for what is human, and just as well known as those who stand for what is just in the world. You will be missed here and you won't want it so. Return often to share with us your continuing insights and let us of what others in order that we who stay tend this Community with the best care and concern. Thank you for our years together and God bless you in all your going out and your coming in always. Shalom, my sisters and brothers, and special son.

With much affection,

Bob Martin

ORGANIZATIONS

LIFELINE CHRISTIAN FELLOWSHIP

Lifeline Christian Fellowship is an interdenominational student group committed to following Jesus Christ as Lord and Savior. For the serious Christian student, Lifeline Christian Fellowship offered encouragement and instruction for continued growth in Christ. For the inquiring student, Lifeline offered an opportunity to investigate the claims of Christ in a caring, personal atmosphere.

Some of Lifeline's activities, this year included: a fall retreat at Caswell Beach; a spring retreat in Virginia; a trip to an Amy Grant concert in Raleigh, weekly Bible studies and bi-monthly large group fellowship meetings.

This year's members were: Jane Yearick — Pres., Connie Cope — V. Pres., Debi Orndorff — V. Pres., Randa Richards, Lisa Watson, Michelle Taylor, Donald Klink, Dave Arnold, J. Walker Clarke, Jr., Howard Hall, Bryan M. Philpot, Becky Long, Wayne Lowe, Durrell Bishop, Debby Lee, Kathy Phelps, Christina Marley, Charlene Carpenter, Paul Ford, Kathy Penland, Paul Chappell, Gary Benfield, Lori Hughes, Joel Frias, Sharon Fields, Phyllis Dunaway, Judy Baxter, Greg Minns, Addie Alford, Carl Lawrence, Ken Rigsbee, Nick Stephens, John Lenham, Lynn Comer, Ann Murray, and Paula Griffey.

"Oh, No, it's the fright family!"

Wayne Lowe and Debby Lee perform for Michelle Taylor at a lifeline large group meeting.

Kathy Phelps, Durrell Bishop, Randa Richard, Connie Cope and Howard Hall in "If I Weren't In Lifeline".

Having some fun at Caswell Beach were Donald Klink, Debby Lee, Wayne Lowe, Michelle Taylor, Gary Benfield, Kathy Phelps and Christina Marley.

MODEL UNITED NATIONS

The St. Andrews Model United Nations was a campus organization which was open to any student, from any discipline, who was interested in the structure and the affairs of the United Nations.

Each year, a group of students from St. Andrews has been selected to participate in the National Model United Nations in New York City. This conference was the world's largest mock simulation of the United Nations. St. Andrews had the opportunity to interact with hundreds of other students from colleges and universities around the United States in a unique way.

Each school represented a member country of the United Nations. In the past, St. Andrews students have represented Thailand, Swaziland, Portugal, the Philippines, and Guatemala. This year we represented the nation of Ethiopia. Students were expected to familiarize themselves with the policies of their country and its behavior in the global community. In essence, students were to become diplomats of that nation. In addition to participating in the conference, St. Andrews students also had the opportunity to listen to speakers from the United Nations, and visit the permanent mission to the United Nations of the country they were representing, for a briefing session from the actual diplomats.

The 1986 St. Andrews delegates to the National Model United Nations Conference were: Reeta Roy — Pres., Karen Cole, Eric English, Craig Piccola — V. Pres., Phyllis Helms, Paul Gilbert, Dave Snyder, Dave Arnold, Amy Heavner — Sec./Treas., Steve Maclin, and Larry Schulz — Advisor.

WOMEN IN DIALOGUE

From left to right: Dawn Raymond, Beth Davison, Reeta Roy, Karen Cole, Mel Bringle, Stormy Ingold, and Christy Williams.

Wo/Men In Dialogue is an inclusive organization that has been established to confront issues concerning women and the changing circumstances in our society. The club sponsors Consciousness Raising (CR) groups that provide a basis for raising questions and engaging in discussions about selected topics related to women. Women In Dialogue also expands itself to the entire St. Andrews community by sponsoring films and panel discussions concerning ethical political issues that deal with women.

The Spring Symposium officers were James Ward and Rochele Bailey.

The Symposium was created in response to the need for a forum for discussions topics of philosophical and theological concern. It is officially sponsored by Dr. Carl Walters of the religion department and Dr. Bill Throop of the philosophy department and has an open membership. It sponsors movies, guest speakers, and provides opportunity for discussion among students and faculty. The officers for Fall Term were: Mark Slanaber — Pres., James Ward — V.Pres., and Rochele Bailey — Sec. Treas. For Spring Term the officers were: James Ward — Pres. and Rochele Bailey — Sec. Treas.

CROSS COUNTRY

The Harriers were a bit harried during the fall season of 1985, finishing third of three in the conference with a record of 5-12, in the purposeful pacing of some 1,331 miles. Comprised of two seniors, one sophomore, and five freshmen, the men's team was largely a young one, and this may have figured somewhat in their competitive standing. Coach Floyd Blackwell managed to spark renewed interest in a women's team, with hopes for its growth in future years.

EQUITATION

The S.A. Equestrian Team has the distinction of being active throughout the entire school year. Thirty-two strong, they competed in Stock and Hunt Seat with teams from Virginia to Florida in three regular IHSA shows, followed by the Regionals, and finally, the Nationals. Head Coach Shelby French noted that they had the largest squad participating in the Regionals in this, their third consecutive year of attendance, and made mention that many of the Team's novice riders had exhibited outstanding performances.

SECOND: Coach Lorenzo Canalis, Gregg Prettyman, Louis Barnhardt, Paul Dinkins, David Southwood-Smith, Steve Abplanalp, John Stone, Jock Wheeler, John Lenham, Jin (Steve) Hong, Jim Therrell, Chris Deal, David Perkinson.

St. Andrews Soccer has not yet reached its final goal, but has improved upon last year's standing. In a tough conference line-up, they claimed no wins, but boasted two ties, and exhibited marked improvement in practice and game play, through personal dedication and team cohesion. Joe Costello was awarded All-Conference honorable mention.

The only volley team in the Dixie Conference to finish in the top twenty of the nation, the Coots had their most successful season to date this year, finishing with 26-18 record which prefaced their win of the conference championship. This was the highlight of the season, according to Coach Williams, and resulted in reception of a bid to the NCAA Division III tournament in Colorado Springs, Colorado. In addition, Devos, Egan, and Kluegel were named All-Conference; Devos being tournament MVP, and Kluegel being assigned, as Hughes and Stroud, to the All-Tournament team.

1985-86 was the season of Doug Riley's famed "Blue Collar" team. Standing a collective 87 and 1/2 feet high, and weighing in at 2,760 pounds, this fourteen man squad filled a laborious schedule of 22 games in regular season play, in addition to attending the Millsaps tournament in Jackson, Mississippi; culminate the season as hosts of the conference tournament, 1 Ramsey on the toss-up, with Ghoulson and Jacobs at the ready.

WOMENS BASKETBALL

St. Andrews' all freshmen women's team is young, but its members boast lots of previous experience in the sport. Re-building after last year's lapse in play, Coach Maurer was the mind at season's open that innate talent and determination would prove effective in making a stand in a strong conference throughout their 24 game schedule and hosting of the conference tournament.

CHEERLEADING

The 1985-86 Cheerleading Squad was the highlight of many a half-time. As a mainstay of the courts, they exhibited pep, provided whimsy, and aroused enthusiasm in the fans. Working through the complications of a fluctuating line-up, their performances were executed with synchronous style and verve, and the season crowned as the Conference Tournament hosts of the third of the winter sports.

1 Michele Hayes, Stephanie Baine, Lynn Duval, Lynn Comer, Tambra Visnoski, Sandra Bigelow, Tashima Hawkins, Gus Holland, Paul Vosteen, Keith Feaster.

There are no images or words concerning the spring sports of 1986. I'd like to express great apologies for this to the many athletes who, through the course of this semester, endeavored and excelled in their various pursuits of baseball, golf, softball, tennis, and track. Due to the dictates of impending deadlines and organizational difficulties in the collation of material, I was unable to give these their due regard in the manner of the fall and winter sports. Again, apologies.

However, at the risk of philosophical digression, I'd like to offer a conciliatory consideration.

It is the hope that those who labored for accomplishment of goals and strove for affirmation of ideas in their exertions will see, as I have attempted to that the greatest reward lies in the endeavor itself, not in testimonials and accolades such as volumes such as this concern themselves with, which, while appreciated as recognition of effort and achievement, are not the essence of the undertaking.

To compete is an end in and of itself, not means to further end, and while I feel the lack of adequate acclaim to be a great slight. It yet serves as challenge to each addressed to come to grips with the true motivations inherent in the act, and further, to secure the memories of the occasions in the sanctum of memory, which transcends the fleeting momentariness of mere paper and ink.

On behalf of the staff of the 1985-1986 Lamp and Shield, I take great pleasure in presenting this yearbook to you. Many long hours of planning layouts and taking pictures have gone into this year-long project. The Lamp and Shield is not merely a staff project, but it is a college-wide project. We have received wonderful assistance from students, faculty, administrators, and friends of the college. We began this yearbook in October, the time when most yearbooks have already met their first deadline. We, the new staff, made up mainly of freshman, made our way through the ambiguity and pressures which are involved in the yearbook preparation. Meetings had to be arranged, and pictures had to be taken. Sometimes, there was not enough time, so it seemed. Yet, it was a priority. It was a responsibility we had made to St. Andrews and to ourselves. Those around us encouraged us. We thank them. Without the help of all, the Lamp and Shield would not be. Our gratitude extends to students, faculty, and administration.

Our staff included Lisa Marie Lee, Assistant Editor-and-Chief; Linda Nichols, Student Life Editor; Angela Hugli, Organizations Editor; Ginger Egel, Class Editor; Dan Wetmore, Sports Editor; Becky Long, Faculty and Administration Editor; Robin Rich, Advertisements Editor; Jim Schmid, Head Photographer; Nhi Phan, Photographer; and Phyllis Helms, Business Manager. Our advisor was Mr. Harvie Gordon. In addition, Mr. Kooney Coffman served as a great help in obtaining many of the pictures in this book. I would like to take this opportunity to thank each of them for a job well done.
